To Whom It May Concern

As the consulting project managers and site superintendents for the SuperGP, held annually in Surfers Paradise, and the Townsville 400 V8 Supercar event, the team at Integrated Event Delivery Management has worked closely with Temporary Fence Hire for the past fourteen years to present a world-class event to national and international clients, sponsors and stakeholders.

It is with absolute confidence in a proven reliable, proactive, hard-working team and seamless delivery of a quality product, that iEDM has also engaged TFH as the official supplier of security and pedestrian fencing of the new Dunlop Townsville 400 V8 Supercar event that will hold its inaugural race in July 2009.

We have found TFH's high level of professionalism and commitment to achieving the best possible result within a tight timeframe, play a large part in delivering an event with an exceptional reputation and high standards.

The team's positive, can-do attitude is a commendable attribute to work with and we certainly wouldn't hesitate in recommending TFH.

Yours Sincerely
