Remote Access & Control

- **Real-Time Alerts**
Once an alarm is triggered, the camera will instantly send to you a push notification and an email with a detection snapshot. Know as soon as things happen.
- **Live View from Anywhere**
Check what's going on in your house wherever you are, or see what's up with your kids when you're busy with your stuff.
- **Easy & Smart Playback**
You can not only replay all the saved videos but also filter videos by detection modes and control the timeline to quickly locate what you want to see.
- **Motion Zone**
You can customize the motion zone as you like, creating the area(s) you don't want to receive alerts about. Protect your privacy and free your mind.

UP TO
256 GB

Multiple Recording Options

This smart IP camera supports 24/7 continuous, motion-triggered, or scheduled recordings. All the videos can be saved to the micro SD card, Reolink NVR or FTP server. Choose a way you like and enjoy customized security.

Figure based on the default bit rate of the cam (6144 kbps). Actual recording time depends on the settings. Results may vary.

Ultra High Definition (8MP)

Solar Powered Portable Surveillance Camera shows you a much clearer world. Be free to enjoy the flawless pictures and videos.

You can easily view the hard-to-see details captured by the camera.
